

## Rainbow Candle Craft

This tp roll candle is nice and colourful and quite easy to make. Make enough of them and you may even attract a Leprechaun or two!

Materials needed are a toilet paper tube, scissors, crayons, paper, a printer and glue.

- Print out the template of choice.
- Colour (where appropriate) and cut out the template pieces.
- Glue the rectangular piece onto the tp roll.
- Glue the flame onto the top of the tp roll to make the candle.
- Tape the candle to the circle ("doily").
- Glue on the pots of gold to decorate the candle or doily as desired.

### **Alternative Decorating Ideas:**

- Use sparkles, sparkle glue, or felt to decorate the "candle".
- Use water colour paints with the black and white printer template to get a rainbow effect.

### **Templates:**

- Close the template window after printing to return to this screen.
- Set page margins to zero if you have trouble fitting the template on one page (FILE, PAGE SETUP or FILE, PRINTER SETUP in most browsers).
